Gujarat Technological University, Internal Quality Assurance Cell (IQAC) has jointly organized Two-Day workshop on National Institutional Ranking Framework (NIRF) and National Board of Accreditation (NBA) with Government of Gujarat, Commissionerate of Technical Education (CTE) and L. D. College of Engineering. Main Objective of this workshop is to strengthen the Government and Self Finance Institutes of Diploma and Degree

Engineering in NIRF and NBA. More than 150 Principals, senior faculties, IQAC/NBA Coordinators have participated in the workshop from all over the state of Gujarat.

The Workshop was started with the Registration and Breakfast from 9:30 am onwards than after the Inaugural session followed by Deep Pragatya, GTU Song and felicitation of Guest. Dr. K. N. Kher, Registrar, GTU welcomed all the dignitaries and participants by his words of wisdom. He mentioned the IQAC-GTU Initiative to bloom the ranking and accreditation for affiliated institutes.

On the first day, Dr. Anilkumar Nassa Member Secretary, NBA, New Delhi, invited as a Chief Guest of the Workshop, he has dealt with various important development schemes of Technical Education in the Ministry of HRD, AICTE and has contributed significantly in the planning, formulation and implementation of various schemes of Technical Education. He has done his Ph.D. on accreditation work and talked about the historical approval of India in Washington accord through rigorous efforts. The Washington Accord is an international and multi-lateral agreement among bodies responsible for accrediting

undergraduate engineering degree programs, originally signed among six countries in 1989. The NBA became a provisional member of the Washington Accord (WA) in 2007 and was given the status of permanent signatory on 13th June, 2014. He also talk about the recent inclusion of GAPC 4.0 for engineering education.

The Key note address of Dr. Anilkumar Nassa was on introduction to NIRF & NBA, its framework and Methodology. He states that we all should work for the nation, think for the nation. Must keep faith and confidence in our team members, because ranking or accreditation is not possible without effective team. Belongingness and hard work in the work is only way to receive success. Our nation should be our first priority. He states that, accreditation is about the self-assessment in context of quality of Education whereas ranking is about comparison with the other institute, NIRF provides opportunity to institute to see themselves where our institute stands and at where is to be.

Dr. Sanjay Agrawal, Professor & Head Department of Computer Engineering and Application, NITTTR, Bhopal was invited as a guest of honor of the workshop. He delivered his expert talk on Outcome Based Education & CO formation Philosophy. He describe the usage of Indian Knowledge System for the accreditation work and advised institutions to identify a process by which outcome based education becomes a norm at the institute to maintain minimum quality assurance. Outcome based education basically a process of curriculum design, maintain and sustain it to achieve desired output. He quote a one chopi from Hanuman Chalisa that, the India has enough human resource which has Vidhyavan, Guni, and Chatur “Chaturya” means intelligences to make everything possible by his/her willingness.

Dr. Chetan Bhatt, Principal, Government MCA College, Ahmedabad was another expert of the said workshop. His expert session was on CO-PO attainment philosophy of NBA. He simply and clearly define all the important terminology of the Outcome based education i.e CO, PO, PEO, PSO.

On second day, Dr. Maya Ingle, Professor & Sr. System Analyst, Devi Ahalyabai Vishwa Vidhyalaya, Indore was invited as an expert with the session on Teaching-Learning Process and Criteria 1 and 2 of NBA accreditation. She states that NBA Accreditation is an important aspect to improve the ranking of an institution. An institution's curriculum is an essential series of all the activities and learning goals related to each course. It serves as a map outlining what the institution needs to follow and how to get there.

Dr. Rajul Gajjar, Hon'ble Vice Chancellor, GTU has also delivered her expert talk on on Institute level interventions. She states academic excellence is a heart of accreditation. To achieve academic excellence the very first step that the institute has to critically evaluate each and every programme and find out the gaps where the linkages are built us to achieve desired goal. Also as an institute we have to rate our all programme whether they are have enough potential to meet the expectation of NBA or not. She

encourage all the members for participation in NIRF and NBA. She told that NBA exercise needs to be taken as a quality initiative and NIRF exercise as a relative measure of position among similar institutions. This both exercise requires all the stockholders of the institutes to work in unison, so that the institute can achieve the desire goals of NIRF and NBA.

Dr. Ketan Badgujar, Professor, L. D. College of Engineering, Ahmedabad was invited as an expert to deliver an expert talk on Vision, Mission, Pre-Qualifiers, PO, PSO, PEO, Facilities and FY Academics. His session is on NBA general Guidelines in context of achieve Pre-qualifiers for Diploma and Undergraduate Engineering institutes. He focusing on Self-Assessment Report format for undergraduate engineering programs (Tier-II) for the first time accreditation.

Dr. Nilesh. M. Bhatt, Professor, L E College of Engineering, Morbi was invited to deliver expert talk on Student and Faculty Performance for Criterion 5: Faculty Information and Contributions in NBA Accreditation. He provide keen insights on Student-Faculty Ratio (SFR), Faculty Cadre Proportion, Faculty Qualification, Faculty Retention, Innovations by the Faculty in Teaching and Learning, Faculty as participants in Faculty development /training activities /STTPs, Research and Development, Faculty Performance Appraisal and Development System (FPADS), Visiting/Adjunct/Emeritus Faculty etc.

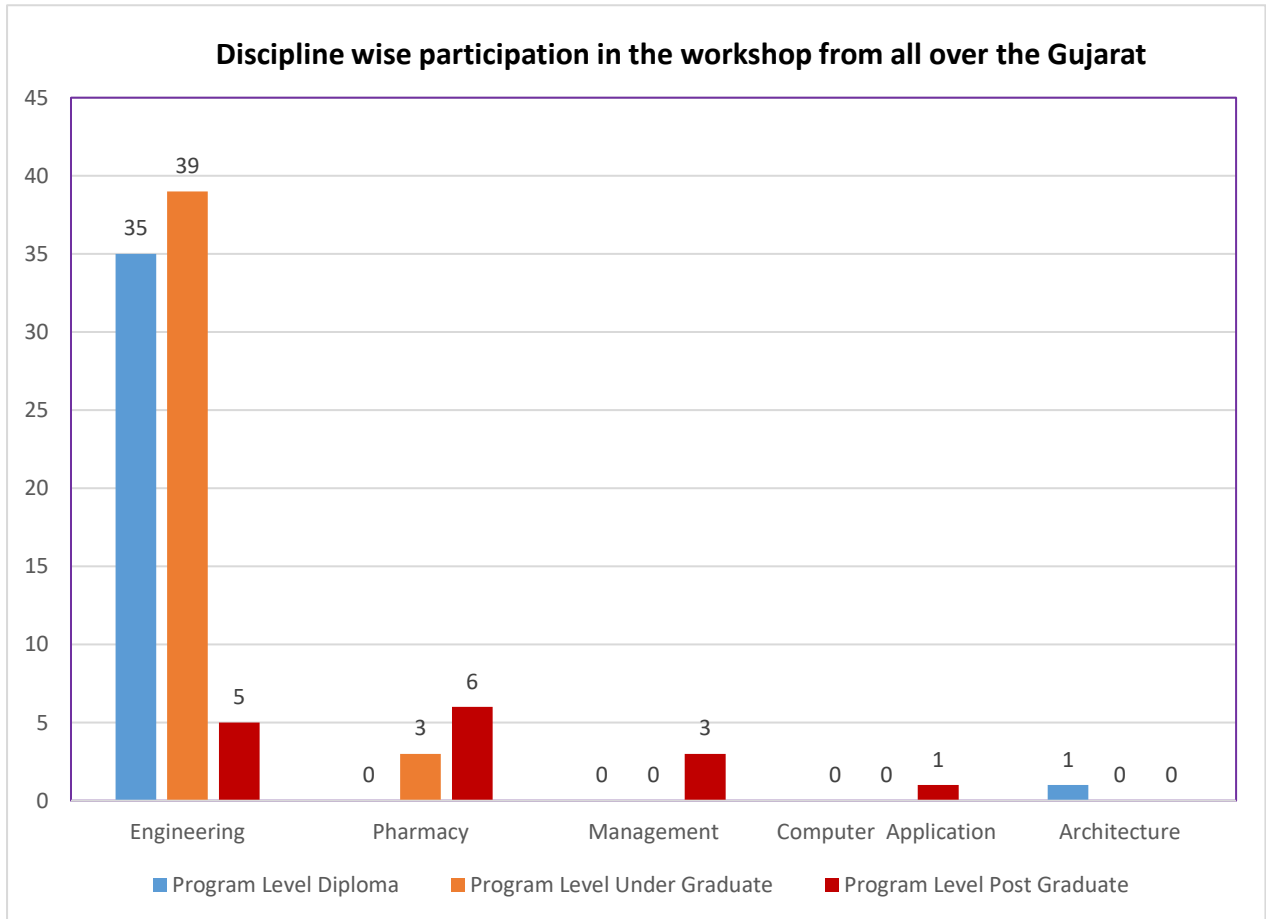

Prof. (Dr.) Sanjay Chauhan, Head-IQAC and Professor and Director, Graduate School of Pharmacy, GTU has proposed vote of thanks for the valedictory session of the workshop. He expressed his deep sense of gratitude towards the chief guest Dr. Anilkumar Nassa Member Secretary, NBA, New Delhi, and Guest of Honour Dr. Sanjay Agrawal, Professor & Head Department of Computer Engineering and Application, NITTTR, Bhopal. He also expressed his gratitude to Dr. Rajul Gajjar, Hon'ble Vice Chancellor and Dr. K. N. Kher, Registrar, GTU for the support for the organizing this workshop. In last the certificate were distributed amongst the Participants for the active participation in the workshop.

Dr. Kaushal Bhatt, Coordinator-IQAC and Associate Professor, Graduate School of Management Studies were concluded the workshop by thanking all the Experts, Participants and the IQAC and LDCE Team.

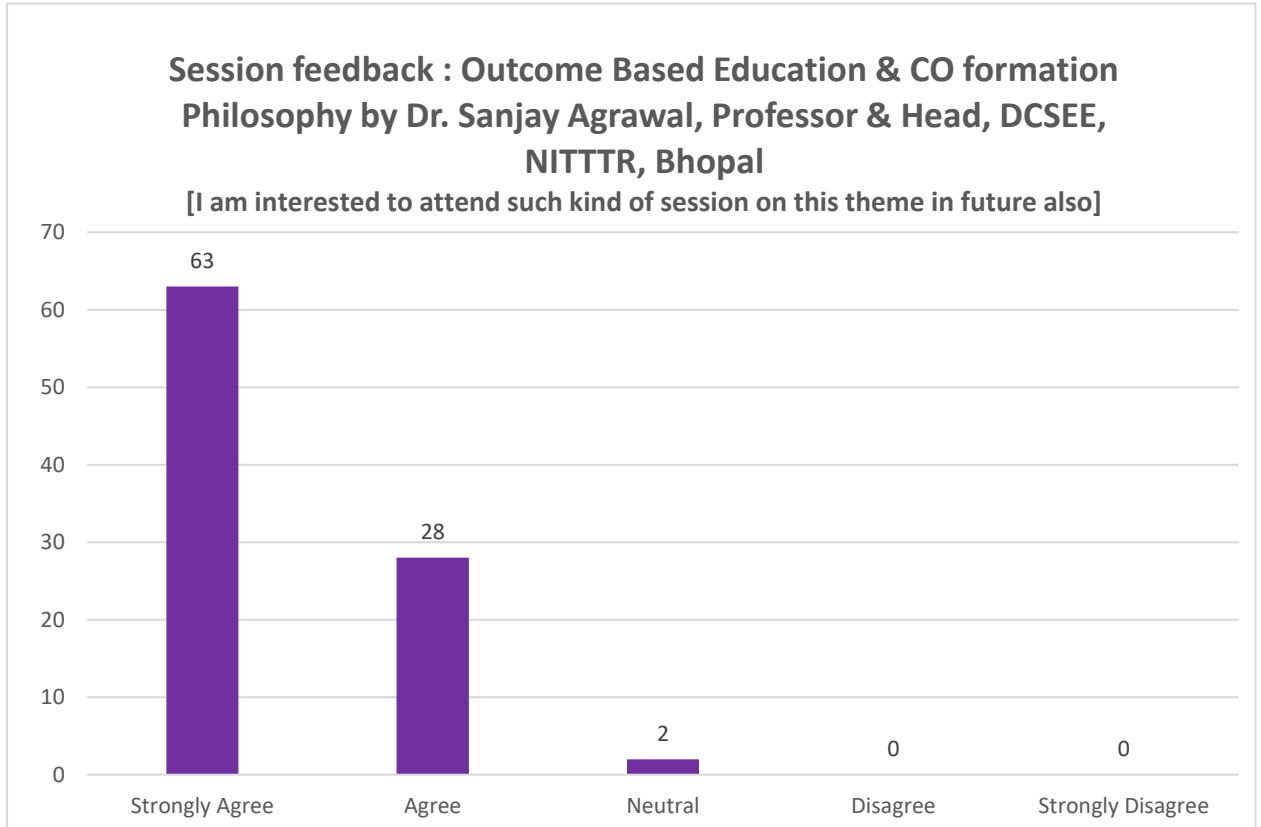

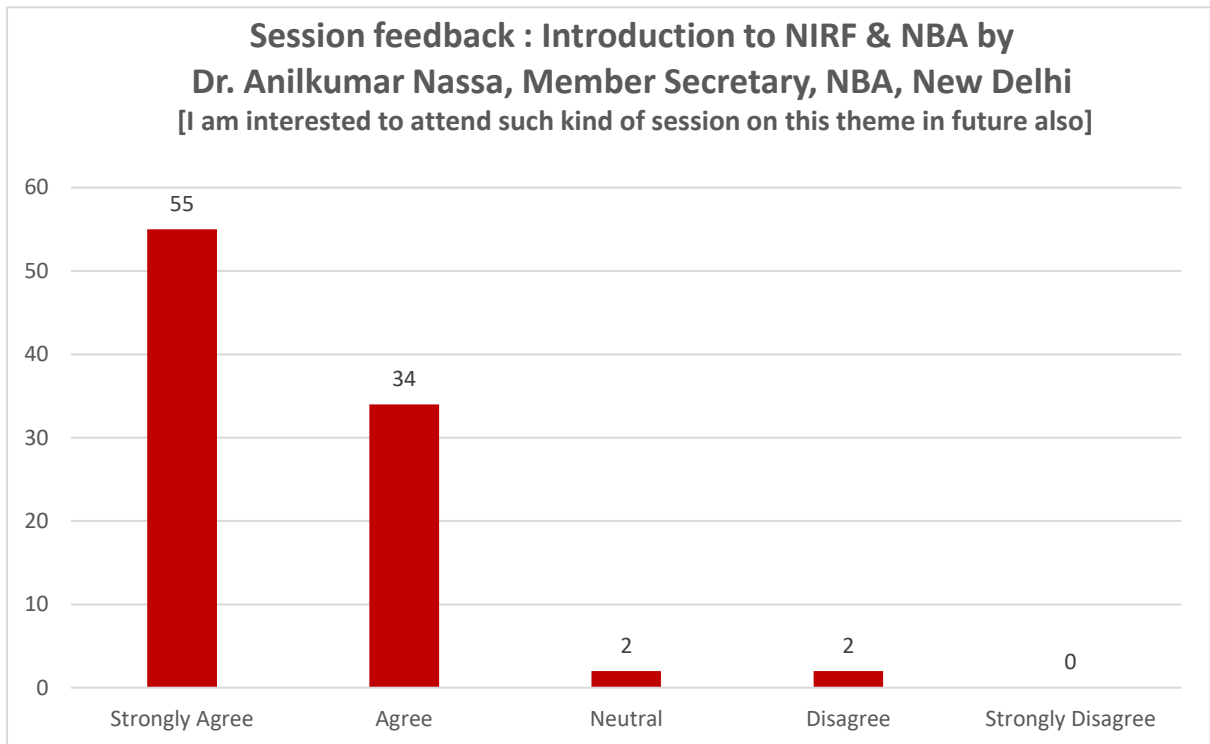

## Feedback Analysis of the Workshop

Discipline	Program Level			
	Diploma	Under Graduate	Post Graduate	Total
Engineering	35	39	5	79
Pharmacy	0	3	6	9
Management	0	0	3	3
Computer Application	0	0	1	1
Architecture	1	0	0	1
<b>Total</b>	<b>36</b>	<b>42</b>	<b>15</b>	<b>93</b>

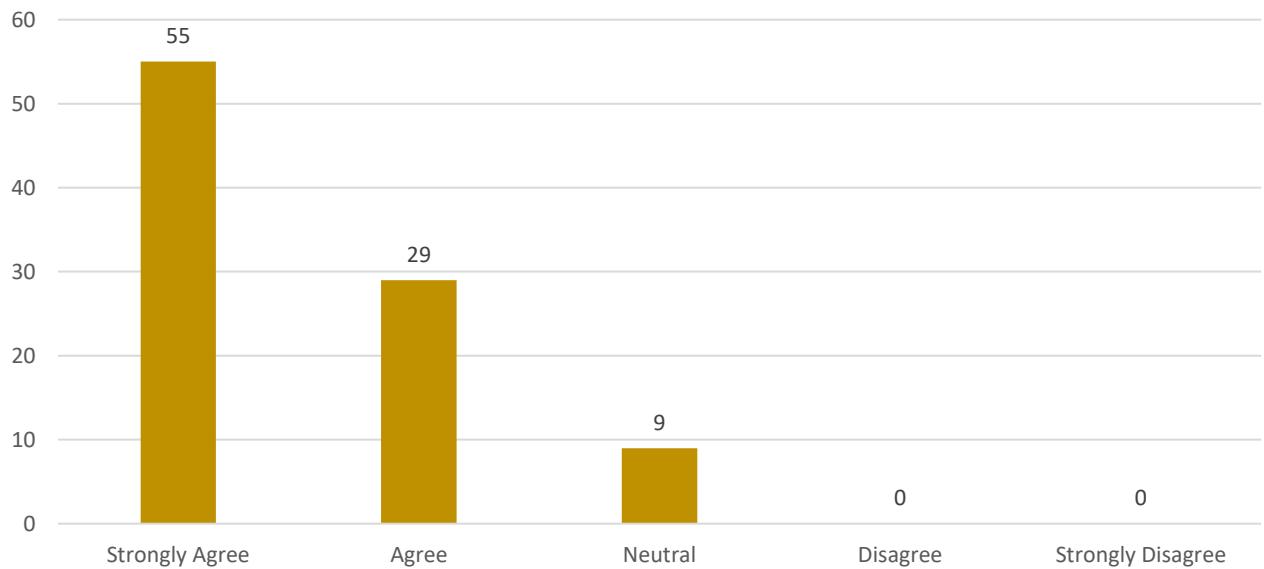

**Total 93 applicant were provided feedback after successful completing the workshop, highest participation from the Engineering Discipline were noted with the 79 participation.**

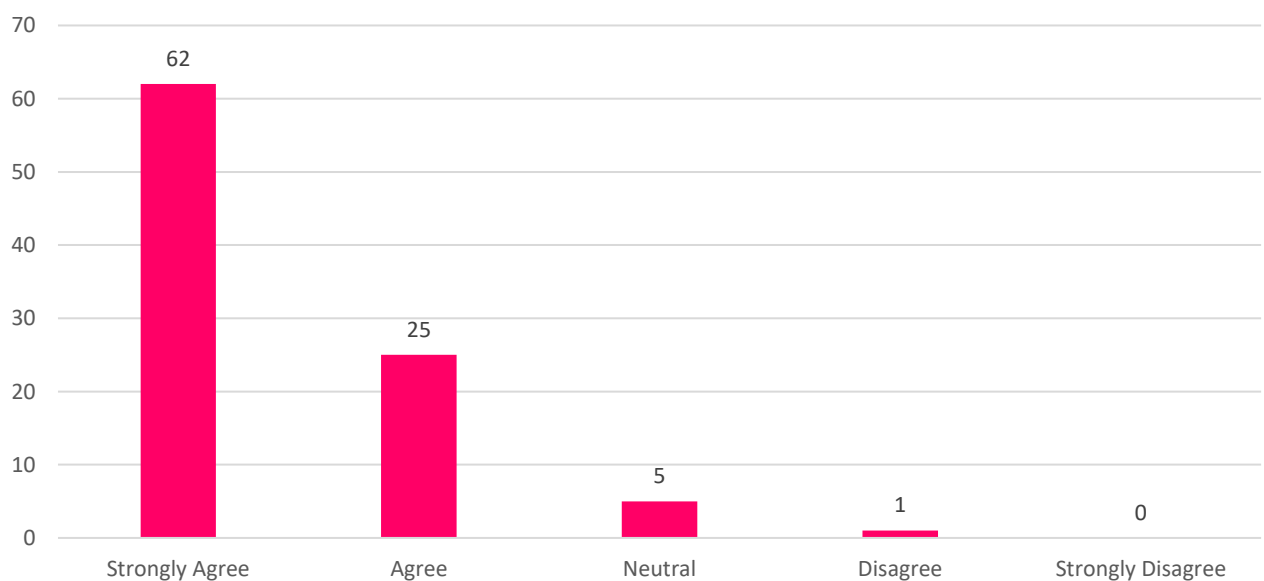

**Session feedback : CO-PO attainment philosophy of NBA by Dr. C. B. Bhatt, Principal, GMCA, Ahmedabad**  
[I am interested to attend such kind of session on this theme in future also]

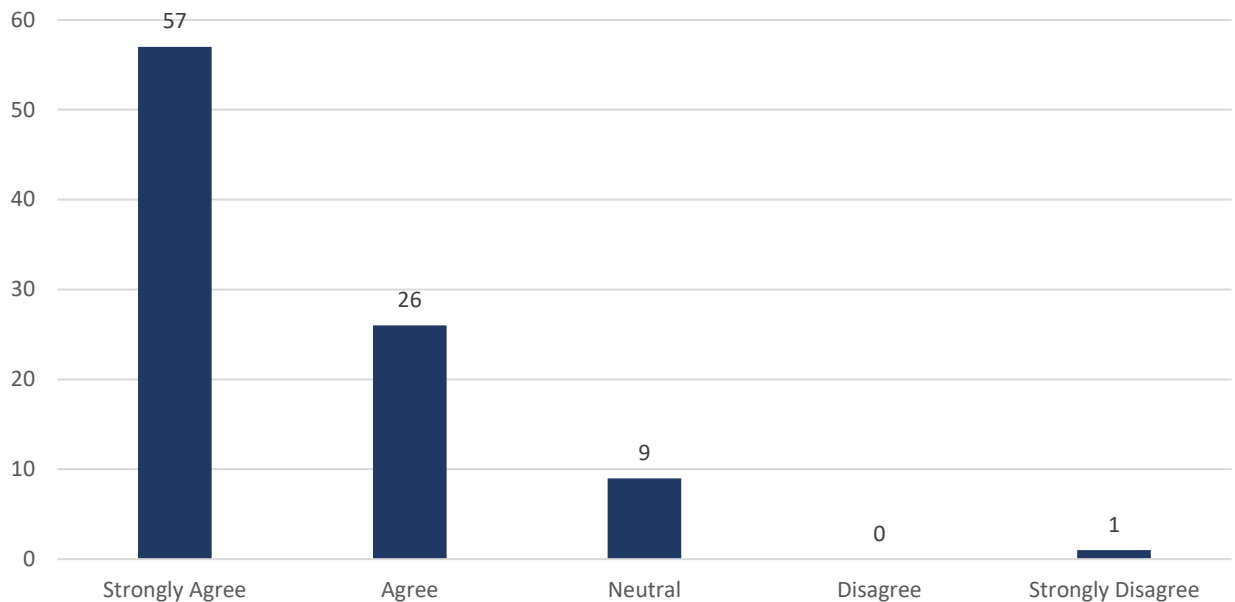

**Session feedback : Teaching-Learning Process and Criteria 1 and 2 of NBA by Dr. Maya Ingle, Professor & Sr. System Analyst, Devi Ahalyabai Vishwa Vidhyalaya, Indore**  
[I am interested to attend such kind of session on this theme in future also]

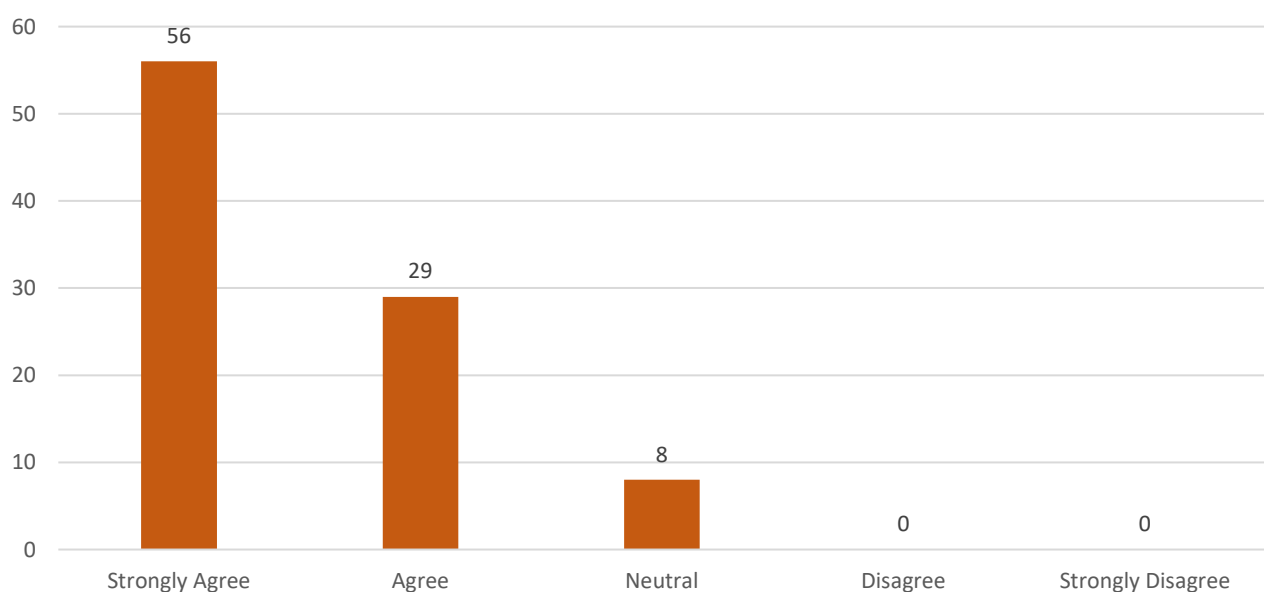

### Session feedback : Institute level interventions by Dr. Rajul K. Gajjar, Hon'ble Vice Chancellor, Gujarat Technological University

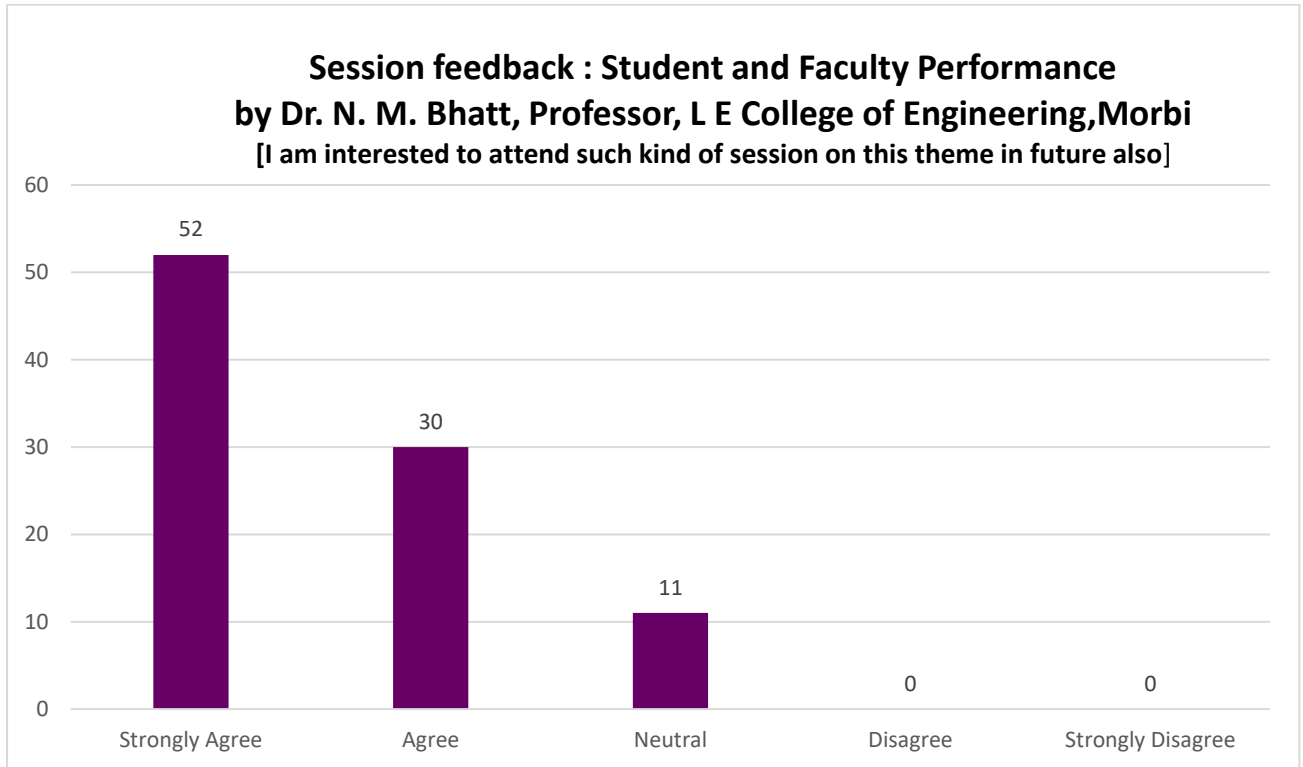

[I am interested to attend such kind of session on this theme in future also]

### Session feedback : Vision, Mission, Pre-Qualifiers, PO, PSO, PEO, Facilities and FY Academics by Dr. Ketan Badgujar, Professor, L. D. College of Engineering, Ahmedabad

[I am interested to attend such kind of session on this theme in future also]

### Comments/Suggestions from the Participants

- Arrange this type of workshop more in future regarding NBA
- I think 75% information shared about degree courses next time try to keep specific sessions for Diploma courses also
- I was great experience for me and many things I learned from this workshop definitely I'm looking for next workshop on NAAC process
- Accommodation may be provided if more than a day. More time if provided, it will help the participant to arrange transport without difficulties. Good Hospitality.
